Burma Cyclone

At the time of writing 22,500 people are reported dead and 40-50,000 are missing after southern Burma (Myanmar) was struck by Cyclone Nargis over the weekend. The extent of damage is still being assessed and communications are difficult. CWS partners through ACT International have reported devastation on a massive scale with tens of thousands of people in urgent need of shelter, water and food. Up to 95% of homes in some areas have been destroyed. Relief efforts are underway. CWS is receiving donations for the work of our partners in Burma.
